PROFESSIONAL SUMMARY

Full Stack Developer and MERN Stack Specialist with 3+ years of experience building web applications, SaaS platforms, and business management systems. Skilled in React.js, Next.js, TypeScript, Node.js, Express.js, MongoDB, and PostgreSQL, with 2 years of WordPress experience covering Headless WordPress, WooCommerce, Tutor LMS, ACF, and REST APIs. Experienced in AI integrations, workflow automation, payment systems, and cloud deployment. Currently collaborating remotely with an Australian consultancy; open to international remote roles and contract projects.

PROFESSIONAL EXPERIENCE

FULL STACK DEVELOPER & AI AUTOMATION ENGINEER

SOL Business Consultant | Australia (Remote) Dec 2025 - Present

- Develop and maintain business web applications using React.js, Next.js, Node.js, and Express.js.
- Build client portals, learning platforms, management dashboards, and API-driven interfaces.
- Integrate Headless WordPress with React frontends using custom post types, ACF, and REST APIs.
- Implement AI integrations, business automation, and third-party service connections.
- Support cloud deployment, database integration, performance, and responsive design.
- Collaborate remotely with Australian stakeholders on business-focused digital solutions.

MERN Stack Developer

ClickTake Technologies | Multan, Pakistan Jul 2023 - Nov 2025

- Developed full-stack web applications using React.js, Node.js, Express.js, and MongoDB.
- Built responsive dashboards, reusable components, SaaS features, and REST APIs.
- Implemented JWT authentication, role-based access control, and backend integrations.
- Integrated Stripe, PayPal, and PayFast where required by projects.
- Improved code maintainability and supported application deployment and optimization.

PROJECTS

SOL Training Academy | LMS, Client Portal & Marketing CRM

Live: https://training.solbusinessconsultant.com.au/

- Developed components of a multi-module platform supporting online training, student administration, client services, and marketing workflows.
- Worked on student dashboards, admin functionality, client portal features, and CRM/automation interfaces.
- Built responsive, API-connected experiences for training and business operations.
- Focus: Full Stack Development, LMS, CRM, Dashboards, API Integration

Palm & Grace Memorials | Full Stack Memorial Platform

Live: https://palmandgrace.org/

- Developed a memorial management platform with public memorial pages, galleries, and administrative content workflows.
- Implemented features for memorial records, tribute moderation, QR access, and enquiry workflows.
- Worked on API integration, responsive UI, and deployment-related improvements.
- Focus: React.js, Node.js, REST APIs, Admin Dashboard, Content Management

ACHIEVEMENTS

- Contributed to multi-module LMS, CRM, and client management platforms.
- Implemented Headless WordPress content integration with modern React applications.
- Delivered secure application features, third-party integrations, and cloud-hosted solutions.
